

CHATTAHOOCHEE VALLEY COMMUNITY COLLEGE

Short Certificate - Medical Assisting: Phlebotomy

Prerequisites for required courses in the phlebotomy short certificate must be met before students may register for MAT 239 Phlebotomy Preceptorship. (See course description page 172)

The College offers a 13-hour short-term certificate in phlebotomy which prepares the student for work in acute care settings such as major hospital laboratories, minor emergency centers and free-standing laboratories working under the supervision of medical laboratory technologists or laboratory managers. The courses will provide both classroom and clinical experiences. Prior to completion of the medical assisting phlebotomy certificate, students will complete a 225-hour preceptorship in a medical setting. Please see "Required Documents under A.A.S-Medical Assisting" for required immunizations and certification.
